

Fellow Parishioners,

Thank you to all who participated in the recent survey regarding this year's Savannah Greek Festival. In light of the responses we received, it has been decided that there will not be a festival this year. We hope to have a festival of some kind at a later date since the revenue it produces is paramount to our church's financial stability.

During these uncertain times, the church needs our support now more than ever. We ask that everyone do what they can when it comes to increasing stewardship and supporting our church.

Stay healthy and safe,

Greek Festival Committee
